

Crocodile Fern

Microsorium musifolium 'Crocodyllus'

- **Native to Australia, the leaf surface texture is crocodile-like, rugged and long lasting**
- **Water thoroughly. Allowing to dry only slightly between waterings.**
- **Medium light, 1 to 3 hours of sun is best. Full shade only in summer when temperatures exceed 80 degrees F.**
- **Fertilize monthly with Miracid (30-10-10), mixed according to directions.**
- **Nice indoor plant, easy to grow.**
- **Grows 24 inches tall and wide.**
- **Great for pots, hanging baskets, and shaded window boxes in summer.**
