

# Lucky Bamboo

**This plant symbolizes good luck. It is recommended by Feng Shui masters as a plant to improve your living space.**

**Taking care of Lucky Bamboo is fairly easy and almost care free. Place the bamboo in shallow water (about 2") in a vase. For best results, change the water every other week. It is not necessary to feed the Lucky Bamboo. Low light to bright, indirect sunlight suits them well. It prefers temperatures ranging from 45–90 degrees F.**

**Lucky Bamboo has the following spiritual meanings:**

**Advancement/Career-** climb up the ladder

**Prosperity** - success in business ventures

**Longevity** - good health, harmony and peaceful life

**Zen** - religious, gracious, honorable

**Relationship** - energize your love life

**Feng Shui - Chi** - creates positive energy in your environment.

**The tower** is to anchor Feng Shui, and light up the future.

**Eight** is considered a lucky number in Feng Shui.

**Multiples of three** - good fortune

**Golden ribbons:** good fortune in general

**Red ribbons:** financial success.

**Bamboo used at weddings:**

The gesture of giving 3 stalks to each guest is believed to bless the marriage with everlasting happiness and success.
