

# **MONEY TREE**

## **Pachira aquatica**

- **According to Feng Shui masters, the Money Tree or Pachira is thought to bring good fortune and luck to those who place it in their home or office.**
- **A very hardy plant that can withstand low light conditions and infrequent watering; water whenever the soil is dry.**
- **Avoid direct sunlight.**
- **Fertilize with a liquid 20-20-20 fertilizer once a month.**
- **Money trees can be pruned by cutting off the stems; new growth will appear at the cut over time.**
- **Grows 18 to 24 inches.**
