

We Delight

At Stauffers Garden Centers, YOU have the Advantage.

Where green thumbs grow.

Even if you're a gardening novice, you'll find everything you need to succeed at Stauffers. Including the most important thing: the knowledge of our expert staff. They'll save you time and money.

The hometown favorites.

It just makes sense to get your gardening goods and know-how from people with deep roots in local soil. That's one advantage Stauffers has over other garden centers in these parts.

What's your pleasure?

We have whatever you fancy in the way of flowers, trees, shrubs, vines... and so much more. Including things like gardening gloves and implements. Special soils, mulches and fertilizers. Year 'round and seasonal decorations. All in one stop.

It's a wonderful world out there.

And we can help you enjoy spending more time in it. Beyond gardening, we have a full range of outdoor living supplies that can make your backyard a blissful retreat.

*Express Yourself Outdoors.
Dream It... Then Do It*

Creative Designs

For "Plant Your Own Landscaping"

**We Plan - You Plant!
You Save Money!**

FREE SERVICE!

- This service is intended for the Do-it-yourselfer, and assists you in the design, planning, and layout of your project.

- You need to complete a design questionnaire, (inside) plus provide photos and measurements of the project area to assist our designers in meeting your goals.

- Upon completion of the design, you will be contacted to schedule an appointment to review your design.

- There is no charge for this design service, however the design remains the property of Stauffers of Kissel Hill. Portions or sections of your design (bed dimensions and bed layout) will be provided upon your purchase of plants and materials for that project area.

Email Address _____

Project Area

List the area(s) of immediate concern. Your landscaping can be broken down into smaller weekend projects, and additional areas added as you are ready for them. (ex. Spring Project - front foundation plantings; Summer Project - deck or patio plantings; Fall Project - backyard screening.)

Requirements Take your time completing the necessary information.
The more accurate you are, the more accurate we can be in our recommendations.

1. Photos

Photos of the project area. Several from different angles are helpful.

2. Measurements

The more measurements provided, the easier for you to layout the design.
The following are examples of measurements needed as they relate to your project.

- House/Foundation measurements (blueprints can be utilized if available)
- Property measurements. Setbacks from street and side property lines.
- Existing or proposed entrance sidewalk location.
- Location and size of driveway, stoops, porches, patios and decks.
- Locate and measure distances to any existing trees, pipes, utilities, lamp posts, and drainage swales.

3. Sun Location

Indicate where sun rises and sets in relationship to your project area.

4. Landscape Preferences and Ideas

List any favorite plants, shrubs, or trees you would like to include on your design.
**Please feel free to stroll through our Garden Center and add any plants or features that appeal to you. We will try to incorporate them into your “Plant Your Own” design.*

Are there any plants you would like to avoid?

What are your favorite colors?

Do you prefer annuals, perennials, or both?

Are there any landscape features you would like to include?
Fountains, arbors, trellis, stone retaining walls, walks or paths, water features, fences, etc.

Please note any future outdoor additions.
Patios, decks, pools, home additions.

How much time do you spend gardening per week?
